

Updating, Editing and Deleting Entries

The registered user who added the initial listing can delete, edit or update a Service Provider entry. This enables the registered user to add fee based enhancements, change the general information, categories, etc. If you need to change the editing capability for a particular registered user send us an e-mail at CustomerService@eLawExchange.com. To edit your listing, log in to the member section of eLawExchange.com. Go to the "[Find a Service Provider](#)" page. To obtain the best results for posting your images:

- Open the original image file in an image editor.
- If the width of your image is greater than 170 wide and 65 pixels in height, resize it.
- Use your image editor's Save for Web & Devices (Photoshop) or Optimize (various programs) feature to choose a resolution setting that reduces the image's file size to less than 100KB, without noticeably reducing image quality.
- Save the file as a JPEG, GIF or PNG.
- Check the file size and dimensions of your JPEG, GIF or PNG file to ensure that it is no larger than 100KB or 170 wide and 65 pixels in height.
- Upload the image to eLawExchange in the "Add Entry" or "Edit" mode for your listing. If you have further questions or suggestions, feel free to contact us at CustomerService@eLawExchange.com.
